MISS. STATE HIGHWAY PATROLMAN IS FATALLY WOUNDED

Mississippi Highway patrolman H. L. Duckworth, 42, was shot to death in a motel early Wednesday and Forrest County officers said they arrested Tom Gambrell, 38-year-old Jackson attorney, on charges of murder. Duckworth died in a patrol car en route to a hospital a few minutes after he was shot with a .22 caliber pistol in Gambrell's motel room. He said Duckworth apparently was shot in the back. Gambrell offered no resistance when arrested and declined comment on the shooting. Vance said Duckworth had been asked to locate Gambrell after friends reported he had been on a drinking spree. Duckworth and patrolman Ernie Ray found Gambrell's car parked at the motel and Duckworth entered the room. Five minutes later, Duckworth ran out of the room, re-entered the patrol car and told Ray "I'm shot."

Two Damage Suits Filed By Local Man

A civil rights suit in the amount of \$100,000 has been filed in federal court in Biloxi by Ted Linam, owner of Bay St. Louis, against as defendants Greyhound Corporation, Nelius C. Rhodes, Greyhound employee, and his bonding company, the National Surety Corporation of New York; Mrs. Mathilda Rhodes, also an employee of Greyhound Corporation and Herman Mazarski, Beat 5 Constable, and his bonding company, the American Casualty Company. Linam claims that his rights under the fourth, fifth and fourteenth amendments to the Constitution of the United States have been violated. He further alleges conspiracy on the part of the defendants to defame his character, good name and reputation. The suit is said to be the result of an argument over the return of a package addressed to Theodore Thomas and delivered by error to Ted Linam in lieu of his package. The packages in question were received by the local Greyhound express Saturday, August 8. This paper has been informed that Robert L. Genin and Joseph H. Benvenuti local attorneys, will represent Herman J. Mazarski in the suit filed by Ted Linam. Attorneys state that they are convinced the filing of this suit was timed to have effect on the results of the election on August 23, 1959, in which Mazarski is a candidate for constable of District 5. Attorneys Genin and Benvenuti also state that they are in possession of affidavits of two witnesses who flatly contradict the allegations in Mr. Linam's suit. The attorneys further state that "from the facts" as they know them, "this is a frivolous suit and completely without foundation," and they further state that they are "seriously considering filing on behalf of Mr. Mazarski, a counter-claim or counter-suit against Mr. Linam." Attorneys for the plaintiff are Russell and Favre. Mr. and Mrs. Rhodes are being represented by Gex and Gex.

The life of your house depends on wood...

it holds the house together!

That's a fact—whether it's wood, brick veneer or stucco. And the lasting soundness and wearability of the entire house is affected by the quality of the lumber used in this hidden framework. That's why we stock and recommend S. P. B. Grade-Marked Southern Pine. It's stronger because it's seasoned. All lumber isn't, so whether you're buying or building yourself, be sure it's bought from us. You'll feel more secure, just knowing it is.

LABOR BILLS
 The House in the highest legislative light of many years, today passed a labor reform bill. It was the Sweeney Bill, the so-called committee bill, and the Landrum-Griffin Bill. The Sweeney Bill received only a handful of votes. The real fight was between the so-called Committee and Landrum-Griffin Bills. After three days of debate, the House passed the Landrum-Griffin Bill for the Committee Bill by a vote of 235 to 201. On the motion (by Keweenaw-Pa.) to recommit the bill, the vote was 148 for recommitment and 290 against. On final passage of the bill, the vote was: Yes - 310 and Nay - 125.

It is interesting to note that better than 90 percent of the members from the eleven Southern States voted for the Landrum-Griffin substitute and that they voted 100 percent for the Landrum-Griffin Bill on final passage.

While many wild charges have been made about the legislation to the effect that it would create organized labor, the fact remains that there is nothing in the bill that would prevent a single American working man from voluntarily joining any union of his choice. The bill will not prevent a union from negotiating collective bargaining contracts, with the traditional right to strike. It would not prevent any union from organizing employees in the traditional and legitimate way and securing exclusive bargaining rights through a legal election or through voluntary and uncoerced employer recognition. It will not penalize honest union members. It will only curb dishonest and power-drunk leaders. It will protect the rights

of the workers. The House and Senate bills will now have to be reconciled either in conference or by Senate passage of the House bill. Of one thing we may be sure, whatever bill comes out of conference will be WEAKER than the House bill.

Are One Third Of All Injured In Accidents

Latest reports from the National Health Survey show that about a third of all persons injured in accidents are children under 15 years of age. said Dr. A. L. Gray, Executive Officer of the State Board of Health.

The Census Bureau gathered the data for the U. S. Public Health Service through household interviews with a representative sample of the population. The findings so far revealed by the Health Survey are making us all take a new look at home accident prevention. stated Dr. Gray.

To determine just what the situation is here in Mississippi, the State Board of Health is gathering data now from physicians and householders in 6 representative counties. The findings will be used as the basis for a home prevention program that will be integrated in the total public health program, according to children per year.

The state health officer said every parent should be concerned by the knowledge that there are yearly nearly 10 million accidents to children under 15 in or around the home.

"Home accidents are a major threat to the health of young Mississippians—a leading public health problem in Mississippi, as well as in the United States," said Dr. Gray.

He added, "I think one of the best weapons we could develop to prevent home accidents would be to get rid of our 'accident will happen' attitude, and our complacency about them. Let's admit that we have been too complacent about them. The high home accident rate among children and the sobering fact that many of these accidents WERE preventable are evidence enough that too many of us think accidents happen ONLY to other people's children."

WINTER GRAZING TEST PAYS OFF

State College, Miss.—Last winter's test of the Brown Look Branch Experiment Station showed that a winter grazing test can be made from winter grazing even when the per-pound selling price for steers is lower than the purchase price.

Supt. E. C. Morrison bought steers at \$27.00 per hundred weight in the fall and sold at \$25.40 the next spring. Even with this price disadvantage, all four of the grazing crop combinations tested made money.

Florida Black rye and ryegrass returned \$36.40 above costs per acre, Coastal wheat and ryegrass \$31.35, Alamo oats and ryegrass \$40.00 and ryegrass alone \$32.67. Per acre returns were the same as that per steer, since the stocking rate was one steer per acre. Grazing began in mid-October and ended May 25.

Three-year average returns have been better than last year's. The average purchase price for the last three years has been \$22.34 per hundred weight and the average selling price \$23.78. Average returns per acre have been as follows: rye and ryegrass \$69.35, wheat and ryegrass \$70.38 oats and ryegrass \$59.93 and ryegrass alone \$72.66.

Cattlemen who graze steers on winter pastures generally when weather is unfavorable for good winter forage crops. Many steers go on the market in later summer and unless there is a great demand for feeders this depresses prices. In early spring, when fat animals are relatively scarce, a high price may be expected.

The complete report, including tables showing details of costs and returns, is published in the August issue of Mississippi Farm Research available on request from the Experiment Station at State College.

THE VOTERS OF BEAT FIVE, HANCOCK COUNTY, MISSISSIPPI

In all political campaigns the final results on election day are the only thing which determines which candidate is elected. A candidate can only be elected by majority vote. Thus my appeal to all my friends and voters in Beat Five, you will know I have never in my life participated in any mud slinging campaign.

I do not intend to start any at this late date.

I have never engaged in or have MADE ANY STATEMENTS THAT WERE UNTRUE TRUTHS or made ANY MISLEADING STATEMENTS AS TO MY QUALIFICATIONS.

My good friends and voters of Beat Five of Hancock County, know my Qualifications, and I know that if you good people select me as your next Justice of the Peace for the next four years I will serve you as faithfully as I have as a law enforcement officer for the last twenty years.

During these years I have GAINED VALUABLE KNOWLEDGE AND EXPERIENCE WHICH I BELIEVE FULLY qualifies me for the office to which I am running. All I ask is that you fully evaluate the situation and when you do I know you will honor me as your next Justice of the Peace for Beat Five.

Thanking one and all for your vote on August 25th; a vote for Bourgeois is a vote for peace to all.

Randolph Bourgeois, Sr.

Beware of False Rumors.

Candidate for Justice of the Peace, Beat Five, Hancock County, Miss.

ENTERTAINING AT DINNER

Mrs. Val Weber and her daughter, Mrs. Mary Weber, formerly of Bay St. Louis, now of New Orleans, were the guests of honor at a luncheon given by the Ladies of the Gulf Parish Hall for the bride-elect, Miss Shirley Digiovanni, of New Orleans.

Miss Digiovanni and Mr. Marcel Anderson, son of Mr. and Mrs. George Anderson of Bay St. Louis, will be married Saturday, August 22 in New Orleans.

Clematis and fern were used to decorate the reception room and the refreshment table, covered with a white linen cloth, was centered with a three-tiered cake surrounded by white carnations and fern.

Miss Digiovanni chose for the occasion a trousseau frock of plaid polished cotton featuring a fitted sleeveless, low-neck bodice with full skirt. A corsage of white carnations complemented her attire.

Mesdames George Heilmann and T. F. Monti assisted the hostesses at the refreshment table.

ANNOUNCE BIRTH OF THIRD CHILD

Mr. and Mrs. Billie E. McLain Sr. of Bay St. Louis, announce the birth of their third child and first daughter, Cheryl Jean, Aug. 12 at Oschner's Foundation Hospital, New Orleans.

Mrs. McLain is the former Jannelle Van Trier, daughter of Mr. and Mrs. Charles J. Van Trier. The paternal grandmother is Mrs. Louis J. Taconi. Mother and baby returned home Saturday.

ANNOUNCE BIRTH OF DAUGHTER

Mr. and Mrs. Lionel Bordages announce the birth of a daughter, Lisa Ann, Saturday, August 16, at 2 p. m. at Hancock County Hospital. She weighed seven pounds, 11 ounces.

Mrs. Bordages, the former Grace Ann Ladner, is the daughter of Mayor and Mrs. Garfield Ladner of Waveland.

Vote (X) For Fred J. Bourgeois CANDIDATE FOR Supervisor Beat 5 Tuesday, August 25th

My first consideration as a candidate for this office of Supervisor, Beat 5 is for you and yours. As I've stated before I stand for the people and by the people and for whatever will be most beneficial and advantageous to our people and our county.

I firmly believe that with minimum taxation industry can be brought in to give the people steady employment. Our children will have a future to look forward to here in their own community.

We have some drainage problems that can be corrected with a little time and effort. The ditches will be kept clean to insure proper drainage.

I will not wait until election time to make street repairs, etc. which your tax dollar entitles you to year round.

There is also an outstanding garbage problem that exists which is unsightly and unsanitary. This garbage dump is a breeding ground for flies and other vermin which spreads disease. This condition should not be tolerated.

"Taxes" should not be increased each year. New homes and subdivisions are added assessments to the tax roll each year.

I will do all I can to increase the laborer's salary. The minimum wage scale is approximately \$1.00 per hour. Living expenses are so high I cannot understand how a man is expected to support his family on the wages he now receives. After all, why should a man give more labor than he is being paid for.

Good roads today are not a luxury but a necessity and a necessity that should be taken care of. I could go on and on as to why you should have better roads to travel over, but I will say this, good roads you shall have and enjoy if I am elected your Supervisor.

I sincerely ask for your vote and support in this coming primary August 25, 1959.

Thanking you,

Respectfully,

FRED J. BOURGEOIS

Important Issues In The Sheriff's Race

DEPUTIES

Being an INDEPENDENT CANDIDATE, no promises or commitments have been made to anyone, except the people. If the people see fit to elect me their Sheriff I certainly will let them help select their deputies. I will have no CHIEF DEPUTY, because I plan to be an active sheriff and do the job you elect me to do personally.

JUVENILE PROBLEMS

Juvenile delinquency problems have greatly IMPROVED in COMMUNITIES where there are YOUTH PROBLEMS. If elected sheriff I will work closely with the youth of our county, so that our young people will look upon the sheriff's office as a place of FRIENDSHIP, UNDERSTANDING and GUIDANCE.

GAMBLING

The BOARD OF SUPERVISORS and CHAMBER OF COMMERCE have appointed a special committee to seek INDUSTRY and TOURISTS trade for the people of our County. It is a known fact that industry will not locate in any community that has organized gambling, such as the OASIS, formerly operated at Pearlinton. If I know the people of Hancock County and I think I do, they will never let an OUT OF STATE gambling syndicate take over regardless who's sheriff in Hancock County.

WHO'S BACKING CURET?

The independent voters of Hancock County, my vote in the first primary showed that I polled a good vote in all the boxes throughout the County, which is proof that I received no organized support from any political group.

THE SHERIFF'S OFFICE

will be staffed with courteous efficient help and will remain open during the noon hour.

Being an INDEPENDENT CANDIDATE my FINANCES were LIMITED and not having the help of any POLITICAL MACHINE to work in my behalf it was impossible for me to see each and every one of you.

During the second primary I sincerely hope that you will continue to support me as you did in the first. I would like to leave this thought with you, my friends, a county is no better than its law enforcement body. A law enforcement officer is no better than his record. I invite each and everyone of you to check mine.

If You Vote For Fred Curet

YOUR TRUST WILL NOT BE BETRAYED."

Color can change the apparent size of a room. Warm colors, or those with tones of yellow, red or orange in them, seem to warm the walls close together and the room looks smaller. Cool colors, as gray, blue or green, recede. They make the room seem larger and more spacious.

Painting the woodwork the same color as the walls will make the room seem larger.

If you've been planning "to do something" with a strip of your lawn along the street or highway, here are some suggestions.

Where you have a short slope bordering the highway, you can use several common flowers to make a large show at reasonable expense.

Iris is the plant most common used, partly because it is avail-

able in many colors, and the time is between August 1st and Oct. 1st. Get your planting done early and you will have blooms the following year. For quick results, get the "divided plants" a foot apart each way.

Yellow and orange day lilies are as good as iris and bloom after the iris. You can divide and reset them at the same time and in the same way you do iris. If you want some of the better day lilies rather than the old fashioned ones, multiply them first in the lawn garden. Later, transplant them along the road.

You can plant very sturdy slopes in English ivy or periwinkle. On gentle steep slopes, use a much of straw or pine needles among the plants to prevent erosion.

FROZEN SANDWICHES
Yes, you can prepare ahead of time for your picnic or party by putting sandwiches in the freezer. It also cuts the danger of food spoiling if you take it a distance without refrigeration.

Choose a sandwich filling that keeps good quality when frozen. It might be cheddar or cream cheese, slices or ground red meat or poultry, fish, cooked egg yolks, peanut butter, nut pastes, olives

A. G. Theatre Starting Sunday; Monday, Tuesday

Oscar winner Susan Hayward, voted Hollywood's best actress by the Motion Picture Academy of Arts and Sciences, returns to the screen as the "Woman Obsessed" in Twentieth Century-Fox's heart-shattering story of a young widow's mother, her son and their involvement with a lonely backwoodsman, set against the rugged background of the Canadian Rockies. The Sydney Boehm produced and written Cinemascope-De Luxe color production opens at the A. G. Theatre Sunday, Monday

and Tuesday

The film-based beauty who stars in the production is Jane Manley's best-selling novel, "The Snow Bird," with Stephen Boyd and Barbara Nichols. Nichols, a rugged farm wife in a rough-hewn frontier community, perhaps her most difficult role since becoming a star.

Before her Oscar-winning performance, Miss Hayward appeared in a myriad of films, became one of Hollywood's biggest box office attractions and received four Academy Award nominations. In 1947 she was up for the coveted award for her role in "Simash Up," and two years later she again scored with a dynamic per-

formance in "My Foolish Heart." As Jane Froman in "With A Song In My Heart," she was nominated as best actress in 1952, and in 1955 the elusive "Oscar" narrowly escaped her for "Till Cy Tomorrow," an autobiographical account of singer-actress, Billie Holiday.

Now, in "Woman Obsessed," Miss Hayward puts forth all her talents and brings to reality Mastley's forceful character "Mary Shannon," a woman who faces the job of running a farm alone and bringing up a young son as a result of her husband's untimely death. The consequences and the personal fight she bears could only be depicted by an actress of Miss Hayward's stature.

Playing the role of "Fred Carter," the sullen woodman who befriends her much to the chagrin of her son, is Stephen Boyd. A top British star of stage and screen, Boyd caught the attention of the American movie-going public when he played the Irish agent in "The Man Who Never Was." He followed that personal triumph with excellent portrayals in Darryl S. Zanuck's "Island in the Sun" and "The Bravados."

Theodore Bikel, who won a current Academy Award nomination, stars as "Dr. Gibbs." Miss Hayward's confident, balanced, the emotional violence of the Henry Hathaway directed film with kindly understanding.

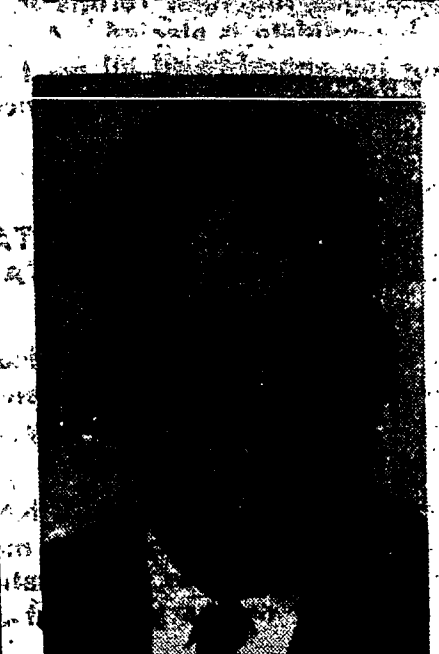

The film also features Dennis Holmes, as Miss Hayward's eight-year-old son, Arthur Franz and Ken Scott.

GERALD
V. PRICE, Sr.CANDIDATE
FOR
SHERIFF AND TAX COLLECTOR

Next Tuesday, August 25, 1959, the die will be cast. You, and only you the voters of Hancock County will make known your decision as to your choice of candidate for the very important office of your Sheriff and Tax Collector. As this is my last opportunity to make an appeal for your kind and thoughtful consideration in my behalf for this office I find that I must add with real humility that it is gratifying to see how many of the voters have reached back into the past to remember the devotion to duty which I showed while serving you for many years in another law enforcement office, a fact which is proven by the results of the First Primary.

In the position of your Sheriff I shall solicit the aid of all other officers of the law in our city and surrounding cities to provide a combined effort against violations of the laws.

In the position of your Tax Collector steps will be taken to provide top efficiency to serve with the greatest convenience to our taxpayers. Permit me, in closing, to add that if elected I will serve ALL of the people ALL of the time in ALL locations of my jurisdiction.

DICTATORSHIP ???

Four years from now the Governor of our State will probably support Charlie Sullivan or Paul Johnson for Governor. Does that mean that the one selected will be a mere tool in the hands of the then Governor? Don't be misled by such talk this time

ELECT CARROLL GARTIN your
GOVERNOR

To The Voters of Hancock County:

I wish to thank each of you who voted for and supported me in the Primary Election for Circuit Clerk. It is very gratifying to have been elected as your clerk. I will do all in my power to run the office as it should be run, and hope that all who did not see fit to vote for me this time will do so four years from now.

Very sincerely,

CARROLL GARTIN

HANCOCK COUNTY NEEDS INDUSTRY

What do YOU think can help us most? A man who has spent eight years with the A. I. Board working with and bringing industry into Hancock County.

OR

A man who brings industry into court room

ROSS

GOVERNOR

Why Should The Coleman-Gartin
Administration Expect Hancock County
To Vote For Carroll Gartin?

For the past four years it has been the forgotten County by Mr. Coleman and Lieutenant Governor Gartin.

1. Hancock County has not had any representation on the Seafood Commission since Aug. 29, 1958. The Coleman-Gartin Administration has played cheap politics with this important position promising many, but politically afraid to make an appointment!

2. Besides not having any representation on the Seafood Commission, nothing has been done for the seafood industry in Hancock County for the past four years.

3. Industry for our County? It's a joke. It took three and one-half (3 1/2) years (just before election) for a representative of the State Industrial Board to make an appointment to come down to a group luncheon and then he called from Jackson at the meeting time that his plane was grounded due to bad weather, arriving three weeks late.

4. We have a Game Warden vacancy. Many have been promised the appointment, but only one can be appointed.

THE PRESENT COLEMAN-GARTIN ADMINISTRATION HAS MADE A RACKET OUT OF THE STATE HIGHWAY PATROL IN OUR COUNTY FOR THE PAST FOUR YEARS:

A. Instead of patrolling U. S. Highway 90 in our County in an effort to minimize traffic accidents and deaths and to be courteous and extend hospitality to visiting tourists, the Highway Patrol has frequently concentrated four and five patrol cars a day, with a force of at least seven or eight patrolmen within and near the City of Bay St. Louis limits, operating a radar control.

B. Even during the week of the Bay St. Louis Centennial Celebration this vicious racket was operated within the City limits in a restricted zone and hundreds of warrants for arrests were issued our visitors instead of a greeting!

C. It has appeared that one individual in Hancock County has had a monopoly on the wrecker service for wrecks on U. S. Highway No. 90. The Coleman-Gartin Administration has forced your automobile personal tax and forced to pay one year in advance, levied a transfer tax of \$2.50 per thousand, and other taxes in order to have a huge sum more than \$30,000,000.00 in the State Treasury at the present time. Now Mr. Coleman, chief supporter, talks about calling a "lame duck" session of the Legislature what he has exacted from us.

WE IN HANCOCK COUNTY HAVE ENOUGH OF COLEMAN, AND WE SHOULD BE CAREFUL NOT TO VOTE FOR A MAN WHO IS LIKELY TO BE DOMINATED BY HIM FOR THE NEXT FOUR YEARS.

INSTEAD LET'S VOTE FOR ROSS BARNETT AND ELECT A GOVERNOR WHO WILL BE DICTATED TO BY INDIVIDUALS OR FACTIONS. HE IS A NATIONAL COGNIZED LEADER IN HIS PROFESSION WILL DIGNIFY AND RETURN THE OFFICE OF GOVERNOR TO THE PEOPLE.

HE HAS PROMISED TO GIVE HANCOCK COUNTY THE CONSIDERATION AND ATTENTION WHICH IT JUSTLY DESERVES.

COUNTY AGENT'S NOTES
 By HOWARD SIMMONS
 County Agent

Much of the late planted grain sorghum won't have time to make a grain crop. If your acreage falls into this category, it might pay you to turn the cattle in and graze it off while in the dough stage.

Protect your Dallas grass areas during August. Do not graze these areas as heavily this month as in other parts of the growing season. At this time of year no Dallas area should be grazed

more than two weeks without a rest. If Dallas is grazed continuously this month it is likely to put it in bad shape to go through the winter.

Red clover and Johnson grass areas should be rested during August. This will allow the plants to make seed and store food in the roots. If you take livestock off during August, many clover areas will reseed themselves.

Johnson grass hay land will not thin out so badly if the grass is allowed to go to seed in late summer.

PINE SEEDLINGS

Certainly it is not time to plant pine seedlings yet, but it is time to make some plans for where you will plant them when planting time rolls around.

It is also time now to decide how many you will need to make application for them.

Contact your local county agent or area forester for more information about where to get pine seedlings and where to plant them.

RONNEL

Another organic phosphorus insecticide, formerly known as ET-57, has been approved for household control and for the control of several livestock pests.

It is available as a spray, both emulsion and wettable powder; as a smear and as a bolus (pill).

Used as spray, ronnel may be applied to beef cattle for control of hornflies, lice, ticks and screw-worms. You can use it on sheep for control of lice, keds, screw-worms and fleeceworms. On hogs it is effective against lice.

Recommended spray strength is 0.75 percent for beef cattle and

DEMOCRAT TAKES

Jackson, Miss.—The State Democratic executive committee met last week to spend the day in discussing the state voting machine. The committee will meet again on the 10th of August to discuss the machine.

Meeting here to discuss returns from the Aug. 4th primary, the committee authorized draft of a recommendation to the Legislature to regulate use of voting machine, and also providing extra pay for poll workers.

Chairman, William Adams, Gulfport, said the Legislature should have "the coverage and vote" to provide voting machines at least in precincts with 500 or more votes.

He said it was a "disgrace to the fair name" of the state that poll workers were still tabulating returns two days after the completion of voting in Tuesday, August 4, Democratic primary.

"We aren't permitted under the law to pay any relief clerks to help in the counting, or pay the poll workers an extra day," he declared.

COLEMAN DECLARATION

The committee's endorsement of voting machines follows a similar declaration by Gov. J. P. Coleman, who said as a member of the Legislature in 1960 he will work for voting machines.

0.5 percent for hogs and sheep. Apply one to two quarts per animal. If animals are thick-haired increase the amounts.

Particularly effective against screw-worms; a single spray application destroys existing infestations and usually protects against reinestation until wounds heal in 7 to 15 days. It is also effective as a smear.

Ronnel is not recommended for dairy cattle either as a spray or bolus. Do not apply it to sick animals.

To avoid residues in meat do not apply to beef cattle within 8 weeks of slaughter; hogs 6 weeks of slaughter; or sheep within 12 weeks of slaughter. Do not use as smear within 21 days of slaughter. Follow all directions on label.

TO THE PEOPLE OF HANCOCK COUNTY:

I wish to take this means of expressing to the wonderful people of Hancock County, my sincere thanks and appreciation for your support on August 4th and I shall always feel grateful to you.

And to you my friends who had obligations to one or the other of my worthy opponents, thanks to you. I also want to thank my opponents, and the people for their respect, courtesy and friendliness shown me during my campaign. We know everybody can't be a winner, but everyone can be a good loser.

I hope I did not offend anyone. If I did it was not my intention and I want to apologize. You will always find me ready and willing to help anyone I can. I know what I might be able to do will be small, but it is the little things that count. Thanks again to the most wonderful people of all the world, and may God bless and guide each and everyone of us to make Hancock County a better place for you and I to live and raise our families.

RUSSELL ELLIOTT

CANDIDATE FOR

Justice of the Peace

YOU NOW HAVE THE OPPORTUNITY TO ELECT A QUALIFIED, IMPARTIAL JUSTICE OF THE PEACE . . .

I have never campaigned on the shortcomings of my opponents, only on my own merits and qualifications.

When elected I will operate my court for the best interest of the community instead of a personal gain.

I will operate my office as one of Dignity, Respect and as a Honorable Court of Justice.

I will assist in the growth and progress of our community by extending myself beyond the prescribed duties of a Justice.

I have not resorted to any unfair methods of criticism or mudslinging.

I have not cried poor mouth nor asked to be elected because I need a job; nor am I running on a sympathy ticket.

I feel it is only fair to discredit a few of the many rumors that are being circulated against me; whereas it has been said that I am wealthy and do not need the office. I would like to discredit this because this rumor is based upon the financial status of a completely unconnected party, my In-Laws. I am strictly on my own and intend to raise and educate my family on my own endeavors.

At the Carroll Gartin rally Tuesday night, my opponent made his first and only appearance on the stand (after I spoke) and in a strenuous effort of a last minute "Dig" accused me of a dreadful thing. He called me a "boy" and himself an old man. Youth opposed to age is no longer the dividing line between efficiency and success. Will you please recall that in the first primary, a young man by the name of Charles Sullivan, years younger than I, at the age of 34 years, was elected to Hancock County over his opponents for the highest office of the State, the Governorship. I suppose if my opponent calls me at the age of 37 1/2 a "BOY" he would call Sullivan at the age of 34 a "KID". From the results of the votes it is obvious that the people of Hancock County have a lot of confidence in the YOUNGER MAN HOLDING OFFICE.

Next Tuesday you will have the opportunity of electing a Justice of the Peace in Beat 5, and I sincerely hope throughout this campaign I have been able to convince you that I would make a good Justice of the Peace.

I ask you to please consider both candidates, check our qualifications, then go to the polls and vote your own convictions, next Tuesday.

Thanking you once again for making me the leading candidate into the Second Primary, I humbly ask you to please rally to my support by electing me your Justice of the Peace on August 25th.

Gratefully yours,

Russell Elliott

Rogers-Mallini Wedding

Miss Martha Marie Mallini, daughter of Mr. and Mrs. James Langrand Mallini, Henderson Point, became the bride of Gene Joseph Rogers, son of Mrs. Alphonse Ladner, Pass Christian, in a double ring ceremony performed by the Reverend James P. McGlade at St. Paul's Catholic Church Sunday, Aug. 9, at 3 o'clock in the afternoon.

Preceding the entrance of the wedding party, Thomas Bourdin, organist, played a program of nuptial music and accompanied Benjamin Carrubba who sang "Mother At Your Feet Is Kneeling, Hold Thou My Hand and Prayer Perfect."

Mr. Bourdin played the traditional wedding marches as the processional and recessional. Vows were exchanged before the altar decorated with pink and white asters and lighted tapers. The pews for the family were marked with pink and white asters.

The bride, given in marriage by her father, wore a gown of white imported embroidered organza fashioned with a fitted bodice having a bateau neckline and brief sleeves edged with appliques of flora design of the eyelet organza. The five-tiered bouffant full-length skirt ended in a chapel length train. Her fingertip veil of illusion was held in place by her queen's tiara of seed pearls and mother of pearl set pieces. Her elbow-length mitts of embroidered organza ended in

calls points over the hands. She carried a bouquet of white stephanotis and fleur d'amour, counterpointed with a white orchid. Her jewelry was a string of pearls, a gift of the groom, and matching pearl earrings.

Mrs. Robert Castelin served her sister as matron of honor. Bridesmaids were Miss Tina Giani and Miss Alice Gentile. Miss Bobbi Ann Castelin, niece of the bride, was flower girl.

James Suber, brother-in-law of the groom, was best man. Groomsmen were Monroe Kimball and Robert Purchner. Ushers were James L. Mallini, Jr. and Dewayne Mallini brothers of the bride and Sylvester Pagano, cousin of the bride.

Following the ceremony, Mr. and Mrs. Mallini entertained with a reception at the Old South Motor Lodge.

The bride's table, covered with a white Richelieu network cloth, centered with a three-tiered wedding cake encircled with clematis and topped with a china figurine of a miniature bride and groom and silver candelabra and white tapers.

The cake was served by Mrs. Cecil Sparkman, assisted by Mrs. John Angell and Mrs. Gerald Peralta. Miss Beverly Vinet presided at the bride's register.

Later in the afternoon, Mr. and Mrs. Rogers left on a wedding trip to Panama City, Fla., at which they will be at home on

"Rio Bravo" To Be At The Star Theatre Sunday - Mon. - Tuesday

Howard Hawks' "Rio Bravo" presented by Warner Bros. in Technicolor Sunday, Monday and Tuesday at the Star Theatre is an undiluted straight-from-the-shoulder drama in the best tradition of the Old West, with an outstanding cast headed by John Wayne, Dean Martin and Ricky Nelson.

The story builds up terrific suspense, unfolding the courageous efforts of the sheriff of a small town to keep a woman prisoner in jail despite the prisoner's powerful and unscrupulous brother.

For John Wayne, "Rio Bravo" is a logical and worthy progression from such earlier western triumphs as "Stagecoach," "Red River," "Hombre," and "The Searchers."

With the exception of one picture, Dean Martin's previous film work had been with his ex-comedy partner, Jerry Lewis, but in his present role as Wayne's ex-deputy sheriff, Ding's career as a dramatic star appears assured.

An event anxiously awaited by America's teenagers is the appearance of 18-year-old Ricky Nelson in the role of Colorado, youthful gun-slinger who comes to the aid of John Wayne when his enemies close in. Although his motion picture background is limited to two films made when he was a small boy, Rick's years of experience in front of television cameras have made a seasoned actor of him—a fact which becomes evident in "Rio Bravo."

In addition to the three male stars, lovely Angie Dickinson, a comparative screen newcomer, makes her major debut as Feather, the alluring, outspoken girl who falls unconditionally in love with John Wayne.

Mr. Jack Leithman entertained recently at the home of his cousins, Mr. and Mrs. Leo Pedarre of Waveland, at a barbecue honoring his wife on the occasion of her birthday.

Guests for the occasion were Mr. and Mrs. Leroy Malmrose of Chicago, Ill.; Miss Edna Gerba, Mrs. John Leithman and Miss Adina Nichols.

HAVE BARBECUE

400 Sandy Nook Drive, Pass Christian Isles.

For traveling the bride wore a navy blue silk figurine printed suit with navy blue accessories and the white orchid from her bridal bouquet.

Mrs. Rogers is a graduate of St. Joseph's Academy in Bay St. Louis.

Mrs. Rogers is a student at Mississippi Southern College in Hattiesburg. A member of Sigma Phi Epsilon Fraternity.

New Action Hit Features A Wrong Guy And Right Girl

"Daddy-O," a wild story about a wrong guy and the right girl who loved him, will keep in line with the showings starting Thursday, August 27, at the Legion Theatre, Gulfport.

"Daddy-O" stars Dick Contino in the title role. This is Dick's first big acting opportunity and he comes through with flying colors. He is seen as Phil, a young truck driver who makes extra money at night singing in a club frequented by teenagers. All this money making activity is to enable him to indulge in his favorite pastime—sports car racing. Gorgeous Sandra Giles is cast in the role of Jana, a poor little rich girl who races her sports car for "kicks." A showdown develops between Phil and Jana as to their cars and the skills they have in maneuvering them. The movie really switches into high gear when these two take off on a speed mad cross country race.

"Daddy-O" was produced by Elmer Rhoden, Jr. and directed by Lou Place. It is an American International Release.
